

TECHNOLOGY

SMART interactive panels are installed in every Year 7 classroom to assist in your child's learning and we also have a Virtual Reality room. Extra-curricular Technology activities include Robotics Club and participation on interschool Robotics challenges.

S P O R T

Annual sporting events for all students include Swimming, Cross Country and Athletics Carnivals. Additional opportunities for in-depth study and extension in sports engagement programs cater for all student needs, including:

- Rugby League Academy
- Netball Academy
- HPE Excellence Program
- Football Academy (soccer)

YEAR 7 ENROLMENT

BENTLEY PARK COLLEGE

A Complete Prep to Year 12 Education

bentleyparkcollege.eq.edu.au

Our mission is to provide a complete Prep to Year 12 education in an environment that inspires excellence in academia, citizenship, the arts, technology and sport. This is encompassed by our motto and vision - **Aspire Learn Achieve**. We are proud of our cultural diversity and hold the values of respect, responsibility and resilience strongly.

YEAR 7 at BPC

At Bentley Park College we understand Junior Secondary (Years 7 to 9) learners have specific developmental, academic, physical, social and emotional needs.

We support Year 7 students' transition into Secondary school by providing:

- designated Year 7 classrooms
- specialised teachers to deliver all core curriculum subjects
- designated areas exclusive for Year 7s
- Year 7 camps and special events that support the College's leadership development and wellbeing programs
- Orientation Week at the start of each year, supported by Year 10 Peer Mentors.

Academic success at Bentley Park College is attributed to expert teaching throughout your child's Year 7 journey and beyond.

Points of difference of Year 7 at BPC include:

- students experiencing eight elective subjects from The Arts and Technology Key Learning Areas
- access to specialist laboratories, workshops, kitchens and creative arts spaces
- the opportunity to apply for our Bentley's Best Academia - Aspire Program, an academic enrichment program for students in Junior Secondary.

Citizenship and leadership fosters identity development, inclusion, resilience and all-round growth through:

- The Resilience Project
- Clontarf Academy
- leadership programs
- fundraising activities
- Yaburu Bulmba
- volunteering for activities such as the Anzac Day commemorations, NAIDOC Week, Harmony Day and Reconciliation Week.

All students experience Dance, Drama, Media Arts, Music and Visual Arts as part of curriculum, and also have the opportunity to engage in extra-curricular Arts activities such as Instrumental Music and Band, and showcase events like the Big Night Out, MMADness and Show and Shine.
