

# 2017 STUDENT RESOURCES SCHEME

## Year 8

In accordance with the *Education (General Provisions) Act 2006*, the cost of providing instruction, administration and facilities for the education of students enrolled at State schools are met by the State. Parents / carers are directly responsible for providing textbooks and other personal resources for their children while attending school. In recognition that these costs can be high, the College school operates a Student Resources Scheme (the "scheme") that requires a parent / carer to enter into an agreement with the school for a specific annual participation fee which provides for the temporary use by the students of a prescribed textbooks and / or other resources, and / or purchase of consumables and materials for the student.

There are three components of the Student Resources Scheme. These components are:-

1. What parents and carers are required to provide
2. What the College provides when the Parent / Carer accept to pay the Student Resource Scheme Contribution fee
3. What the college provides when your child undertakes an elective subject that has an applicable subject fee.

### STUDENT RESOURCE SCHEME CHARGE

All participating parents pay to the College **\$300.00**

### WHAT THE SCHEME PROVIDES

By paying the participation fee your child will receive a range of materials including:

- Text Books and workbooks
- Reproduced class workbooks & worksheets which complement and / or may substitute for textbooks
- Student reference materials (e.g.: software access, books, audio / video tapes, computer utilities etc)
- Specified Arts, subject specific or sports performances
